Provide us with the numerator and denominator used in your calculation that

determined that Private Company A is expected to represent approximately 18% of

the company's total assets upon consummation of the offering;

Further, please tell us how your denominator was derived. In this regard, please tell

us if the denominator reflects proceeds gross or net of commissions and tell us the

amount of expected gross offering proceeds and offering proceeds net

commissions:

Tell us if the \$1.4 million of unfunded commitments is included in the calculation to

determine the 18% asset concentration;

Confirm whether you intend to further amend the credit agreement with Private

 $\hbox{ Company A or provide additional loan funding to Private Company A or any of its } \\$

commonly controlled entities in the future;

Other than the loan to Private Company A, please tell us if over 20% of offering

 $$\operatorname{\textsc{proceeds}}$ have been or will be invested in a single loan or in several loans on related

 $\,$ properties to the same or affiliated borrowers. To the extent you have or will have

such loans, please tell us what consideration you gave to providing financial

statements of the properties securing such loans. Your response should address loans $% \left(1\right) =\left(1\right) +\left(1\right$

 $\,$ funded subsequent to September 30, 2020 and the eight loans you expect to fund with

offering proceeds. Reference is made to SAB Topic 1I;

We note your disclosure of the general character of the properties and arrangements $% \left(1\right) =\left(1\right) +\left(1\right)$

of your loan portfolio as of December 26, 2020. Please tell us how you determined it

was unnecessary to disclose the general character of the properties and arrangements $% \left(1\right) =\left(1\right) +\left(1\right$

of loans funded subsequent to December 26, 2020, if any, and loans to be funded $\,$

from offering proceeds. Reference is made to SAB Topic 1I.
