Advanced Flower Capital Inc. Announces Financial Results for Third Quarter 2024

Third quarter 2024 GAAP net income of \$1.4 million or \$0.06 per basic weighted average common share and Distributable Earnings⁽¹⁾ of \$7.2 million or \$0.35 per basic weighted average common share

Paid first post-spin dividend of \$0.33 per common share for third quarter 2024

WEST PALM BEACH, FL, November 13, 2024 (GLOBE NEWSWIRE) – Advanced Flower Capital Inc. (f/k/a AFC Gamma, Inc.) (NASDAQ:AFCG) (“Advanced Flower Capital”, “AFC” or the “Company”) today announced its results for the quarter ended September 30, 2024.

AFC reported generally accepted accounting principles (“GAAP”) net income of \$1.4 million or \$0.06 per basic weighted average common share and Distributable Earnings of \$7.2 million or \$0.35 per basic weighted average common share for the third quarter of 2024.

“We are pleased with the strong quarter, driven by our continued focus on active portfolio management and origination. One of my top priorities when I joined AFC was to reinvigorate our origination engine, and I am proud to announce that we have surpassed our 2024 target of \$100 million in new originations. This achievement highlights our ability to identify and support high-quality operators in key markets, and we look forward to continuing to build on this momentum as we close out the year,” said Daniel Neville, the Company’s Chief Executive Officer.

Common Stock Dividend

On October 15, 2024, the Company paid a regular cash dividend of \$0.33 per common share for the third quarter of 2024. AFC distributed an aggregate of \$7.2 million in dividends, or \$0.33 per common share, compared to Distributable Earnings of \$0.35 per basic weighted average common share for such period.

About Advanced Flower Capital

Advanced Flower Capital Inc. (Nasdaq: AFCG) is a leading commercial mortgage REIT that provides institutional loans to state law compliant cannabis operators in the U.S. Through the management team's deep network and significant credit and cannabis expertise, AFC originates, structures, underwrites and manages loans ranging from \$10 million to over \$100 million, typically secured by quality real estate assets, license value and cash flows. It is based in West Palm Beach, Florida.

Non-GAAP Metrics

In addition to using certain financial metrics prepared in accordance with GAAP to evaluate our performance, we also use Distributable Earnings to evaluate our performance excluding the effects of certain transactions and GAAP adjustments we believe are not necessarily indicative of our current loan activity and operations. Distributable Earnings is a measure that is not prepared in accordance with GAAP. Distributable Earnings and the other capitalized terms not defined in this section have the meanings ascribed to such terms in our most-recently filed Quarterly Report on Form 10-Q. We use this non-GAAP financial measure both to explain our results to shareholders and the investment community and in the internal evaluation and management of our businesses. Our management believes that this non-GAAP financial measure and the information it provides is useful to investors since this measure permits investors and shareholders to assess the overall performance of our business using the same tools that our management uses to evaluate our past performance and prospects for future performance.

The determination of Distributable Earnings is substantially similar to the determination of Core Earnings under our Management Agreement, provided that Core Earnings is a component of the calculation of any Incentive Compensation earned under the Management Agreement for the applicable time period, and thus Core Earnings is calculated without giving effect to Incentive Compensation expense, while the calculation of Distributable Earnings accounts for any Incentive Compensation earned for such time period.

We define Distributable Earnings as, for a specified period, the net income (loss) computed in accordance with GAAP, excluding (i) stock-based compensation expense, (ii) depreciation and amortization, (iii) any unrealized gains, losses or other non-cash items recorded in net income (loss) for the period, regardless of whether such items are included in other comprehensive income or loss, or in net income (loss); provided that Distributable Earnings does not exclude, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with PIK interest and zero coupon securities), accrued income that we have not yet received in cash, (iv) (decrease) increase in provision for current expected credit losses, (v) taxable REIT (as defined below) subsidiary ("TRS") (income) loss, net of any dividends received from TRS and (vi) one-time events pursuant to changes in GAAP and certain non-cash charges, in each case after discussions between our Manager and our independent directors and after approval by a majority of such independent directors.

We believe providing Distributable Earnings on a supplemental basis to our net income as determined in accordance with GAAP is helpful to shareholders in assessing the overall performance of our business. As a real estate investment trust ("REIT"), we are required to distribute at least 90% of our annual REIT taxable income, subject to certain adjustments, and to pay tax at regular corporate rates to the extent that we annually distribute less than 100% of such taxable income. Given these requirements and our belief that dividends are generally one of the principal reasons that shareholders invest in our common stock, we generally intend to attempt to pay dividends to our shareholders in an amount at least equal to such REIT taxable income, if and to the extent authorized by our Board of Directors. Distributable Earnings is one of many factors considered by our Board of Directors in authorizing dividends and, while not a direct measure of net taxable income, over time, the measure can be considered a useful indicator of our dividends.

Distributable Earnings is a non-GAAP financial measure and should not be considered as a substitute for GAAP net income. We caution readers that our methodology for calculating Distributable Earnings may differ from the methodologies employed by other REITs to calculate the same or similar supplemental performance measures, and as a result, our reported Distributable Earnings may not be comparable to similar measures presented by other REITs.

The following table provides a reconciliation of GAAP Net income to Distributable Earnings:

	Three months ended September 30,		Nine months ended September 30,

Forward-Looking Statements

This release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that reflect our current views and projections with respect to, among other things, future events and financial performance. Words such as “believes,” “expects,” “will,” “intends,” “plans,” “guidance,” “estimates,” “projects,” “anticipates,” and “future” or similar expressions are intended to identify forward-looking statements. These forward-looking statements, including statements about our future growth and strategies for such growth, are subject to the inherent uncertainties in predicting future results and conditions and are not guarantees of future performance, conditions or results. Certain factors, including the ability of our manager to locate suitable loan opportunities for us, monitor and actively manage our loan portfolio and implement our investment strategy; the demand for cannabis cultivation and processing facilities and dispensaries; management’s current estimate of expected credit losses and current expected credit loss reserve and other factors could cause actual results and performance to differ materially from those projected in these forward-looking statements. More information on these risks and other potential factors that could affect our business and financial results is included in AFC’s filings with the SEC, including in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of AFC’s most recently filed periodic reports on Form 10-K, Form 10-Q and subsequent filings. New risks and uncertainties arise over time, and it is not possible to predict those events or how they may affect AFC. We do not undertake any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

² The provision for current expected credit losses above includes approximately zero and \$71.9 thousand for the three and nine months ended September 30, 2024, respectively, and zero for the three and nine months ended September 30, 2023, respectively, which is included in the net income from discontinued operations, net of tax financial statement line on the consolidated statement of operations.
